

The Rights of Godlanders (Indigenous World Order)

The rights of all people rise out of the rights of the indigenous people of our mother Earth.

The Baltic Sea is the cradle of the white people, and there are several Sagas about where the ancient temples stood - In Hell according to Bock Saga, in Karelia according to Ryss, in Koknese according to Lett Saga, in old Uppsala, Visby and Jordbro according to Sverker, in Ruger according to Prois et al. The culture was completely different - the fertility cult with talent breeding, a talent society, as described in one way by Ior Bock's family Sagas.

Historic injustices do not take away any of the Rights of Godlanders, but does mean that the inherent rights of indigenous peoples must be respected in that what has been robbed is restored or restituted. The Baltic Sun Model will serve as the norm for restitution. The Baltic Sun Model prove what self-deprogrammed Balts are capable of, and therefore what the Indigenous World society as a whole would have been capable of, had it not been under mind corruption and occupation.

999 years of roman occupation, by force and by mind corruption, mind entrainment and mind entrancement techniques, like the usually hidden rules of Platonism originally imposed via foreign religion, have imposed on the indigenous peoples and citizens the current Western culture of total terror, where the People have been restricted to only be able to accept how it is and to obey. These fraudulent mind deceptions, through the usually hidden rules of Platonism, have been formally exposed and deconstructed by Ola Alexander Frisk. See e.g. <http://hyperdialog.blogspot.com/>. As aptly Tweeted by Colin McKay, Western civilisation has been progressively (alchemically) transformed into the most effective gulag in human history. (29 Jul (1)2017, <https://twitter.com/DerorCurrency/status/891142912041295873> .)

Disobedience to the rules of terror have been and still are being punished through foreign legal systems imposed on the indigenous peoples and citizens, which have robbed and force-conscripted Godlanders to serve world war funding corporations, systems and administrative institutions. Countless witnesses attest that since a long time the systems imposed have also been using other methods than the formal to fight those who want to create something good, as opposed to eternal war. The commercialization of these other methods that is now ongoing also means that there is a commercial interest in expansion of this field of (commercialized) oppression. This means that the Bank War Economical System behind the World War III producing military corporate groups is not just in theory but in practice a weapons system of the world war producing groups, used usually through covert means against individual Godlanders.

As has been found by the Baltic Sea Indigenous Court, at present the entire Baltic Sea labor market, through it's funding via the tax administration of World War III producing military corporate groups, is in service of world war producing groups, or what can appropriately be termed the Bank War Economic Model.

As any financing or participating in organizations that finance the possibility of nuclear war is on pain of fines or imprisonment, it is in these existing circumstances unlawful to enter into the Baltic Sea labor

market. Before Ditta & Leif of Godland invoked Indigenous Decentralisation, see Declaration of Godland and Charter of Godland, 12017-06-11, such financing or participating was prohibited in accordance with the United Nations Convention on Transnational Criminal Organizations (UNTOC, November 15, 2000), the so-called Palermo Convention, and in accordance with other treaties as well as according to the common law doctrine of 'joint enterprise', Article 25 of the Rome Statute of the International Criminal Court or Terrorism legislation, support of structures supporting war or terrorism can be, Article 5, (a) The crime of genocide; (b) Crimes against humanity; (c) War crimes; (d) The crime of aggression. After Ditta & Leif of Godland invoked Indigenous Decentralisation, such financing or participating is unlawful according to the Declaration of Godland and Charter of Godland, that is read at <https://www.youtube.com/playlist?list=PL8C8A98ghpnduTXK5U3nzaEPG6XWU9j44> . Contact the Baltic Sea Indigenous Court of Godland via bsi.court@gmail.com for copies. The individuals responsibility in respect to such prohibited financing or participation is certainly not less after the Indigenous Decentralisation than it for example was due to the 1 July 2002 Rome Statute of the International Criminal Court, and as it already there was announced as crimes of an individual even if the individual was following orders, and as it already there was announced that Immunities or special procedural rules were irrelevant, these individuals responsibilities will certainly be counted from 1 July 2002. Ditta & Leif of Godland will provide a more detailed definition of the individual's responsibility in respect to The crime of genocide, Crimes against humanity, War crimes and The crime of aggression, but what is unlawful according to this more detailed definition that previously was unlawful due to the 1 July 2002 Rome Statute of the International Criminal Court, shall be the individual's responsibility even if committed previous such more detailed definition.

In order that no man or woman shall be forced into co-conspiracy to finance or participate or otherwise be forced into the service of world war producing groups, and presently being unlawful to enter into or to be in the Baltic Sea labor market, see above, until such a time as the present unlawful structures have been orderly transitioned into lawful structures or until such a time as the Indigenous have been provided with all means possible for independent thriving under their own laws and on their own land according to what is defined further down, provide those men and women of indigenous peoples, who in this regard shall be deemed to be whoever claim they are indigenous, with a completely tax free monthly compensation for costs of clothing, food, housing, travel, communication, health care, etc, in the order of what is the norm for income and living expenses where the man or woman choose to have his or her residence. While there are no practically available alternatives to the existing commercial systems for obtaining these necessities, the completely tax free monthly compensation must be in the same systems as to make purchases possible, this being of life necessity.

Due to the mind corruption and indoctrination everyone have the right to a full de-programming. No individual that is in a position to make decisions affecting others outside the most immediate family may have or keep such a position unless he or she demonstrate the ability to understand and think fully independently, completely for him or herself, and that he or she is loyal to the indigenous peoples of Godland. The loyalty oath must be both written and on video, available for all.

To facilitate full de-programming for anyone wishing such, a Folkhögskola, a nordic term, must be a part of the compensations to Godlanders. The Folkhögskola must be truly independent from the mind corruption, etc., that it is to de-program people from. The Folkhögskola most certainly must not be subject to any taxes, levies or county/länsstyrelse/environment regulations or regulators, or any other legal obligations outside those of the Indigenous laws of Godland. Such premises must be fully under the Indigenous laws of Godland, and not under any other legal obligations.

Indigenous peoples shall be assigned 999 hectare in each municipality, where they can live according to indigenous peoples customs, including in their own ancestral clans, lineages or family societies, with their own labor market, indigenous peoples salary payed out similar to basic income, where indigenous peoples appoint their own representatives without any manipulable party system, where there are the indigenous peoples own Courts, own indigenous banks, schools, temples, universities, insurance, health care, and media. These Indigenous peoples lands shall not be levied with any municipality or other taxes and they shall not be under any county/länsstyrelse/environment regulations or regulators, and not under any other legal obligations outside those of the indigenous peoples own Courts.

As Ditta & Leif of Godland have cancelled any and all corporate CHARTERS, United Nations, etc, no national or international statutes, rules, treaties, executive orders, constitutions, acts, etc through such cancelled bodies can have any power over Indigenous peoples lands, including the Folkhögskola. Ditta & Leif of Godland have invoked Indigenous Decentralisation of any and all corporate CHARTERS of all business corporations pretending to be governments of peoples of all 200 states of the world such as Switzerland, Austria, Vatican, China, Japan, City of London, Russia, Israel, DC Columbia, The United States Federal Government, UNITED STATES of America, "STATE of ...", business corporation United Nations registered in New York, Inclusive of any and all abbreviations, idem sonas, or other legal, financial or managerial forms, any and all international equivalents, inclusive of any OFFICES, inclusive of any and all OFFICERS, PUBLIC SERVANTS, EXECUTIVE ORDERS, TREATIES, CONSTITUTIONS, MEMBERSHIP, ACTS, and any and all other contracts and agreements made thereunder and thereby, are now, void, worthless, or otherwise cancelled, un rebutted; ... See Declaration of Godland and Charter of Godland, 12017-06-11.

The children of the Indigenous peoples shall not be taken from the Indigenous peoples. Indigenous peoples have the collective right to live in freedom, peace and security as distinct peoples and shall not be subjected to any act of genocide or any other act of violence, including forcibly removing children of the group to another group. The children of the Indigenous shall specifically not be mind corrupted, mind entrained or mind entranced according to the fraudulent mind deceptions through the usually hidden rules of Platonism originally imposed via foreign religion through 999 years of roman occupation, creating the current Western culture of total terror, where the People have been restricted to only be able to accept how it is and to obey.

No child shall be forced to the mind corruption and indoctrination decreed by various Agencies for Education. In for example Sweden, no child have been allowed any other education than according to the directives of the Swedish National Agency for Education, Skolverket. Most certainly, no child should be taken from the responsible parents that protect the child from such indoctrination, because, as Ola Alexander Frisk explain in his Open Letter To Angela Merkel - The Real Problem Is That The Schools Trick Us By A False Science Based On Static Dogmas Of The Church, published 7 December 2016 (<https://hyperdialog.blogspot.com/2016/12/open-letter-to-angela-merkel-real.html>),

"The ongoing total crisis of the West is called economical or political. The true cause of the difficulties is an intellectual confusion as our possibilities to understand life and the world are usually restricted by hidden religious dogmas.

[...]

The massive problem is the Academic tradition, that has a monopoly of Knowledge and Education, is a hidden religious organisation that trick the people AND the political élite to accept or even worship Dictatorship; by hidden dogmas of the Church that is said to be Reason and Science.

For example the central demand to be Normal in the so called Science of Psychology has no concrete definition as it is a hidden Static dogma of the Church; that means that the people must be restricted to accept how it is and to obey. The historic relation is that our capacity to comprehend how to improve life and the society, in a concrete manner, has been replaced by to accept how it is and to obey.

[...]

The opportunity and challenge is now to create a culture of real Democracy based on a real Science and a concrete Reason.

What It Is All About

Most people hate the School and suspect that they are misled by the massmedia or the Lügenpresse/Lying press. But, they can usually not understand in a concrete fashion why or how it is like it is; as they from the beginning are trained to have a false understanding of life and the world that only supports to accept how it is and to obey.

We are simply tricked into a Static worldview - that takes away any concrete Dynamic qualities - like to develop the joy to discover, create and cooperate and are forced to accept how it is and to obey. Consequently, becomes Hidden or Open Dictatorships the same as how it must be.

All in all. We need to throw out the stupidity to restrict our capacity to understand life and the world.

We need to dissolve any relation between the State and the Academic tradition, that restrict our capacities, and develop a new system for how the State can support real Education and real Science.

The Usually Hidden Relations

The main and real objective of the Academic tradition is to make real thinking and real understanding mystical; in order to force the people to accept how it is and to obey.

The simple historic fact, that is usually hidden today, is that the current worldview of the West is a construction made to hide Dictatorship was made by the military dictatorship of the Roman empire.

The formal name of this method to fool the people to stupidity and suppression is Platonism.

Platonism is constructed to eliminate the foundations of true Democracy and true Science as it was developed and used in Athens. As the Athenians had formulated their ideals it was easy for the Romans to know what to eliminate.

The core of Platonism is to make the people believe that Reason, or the capacity to think, to reach insights, is mystical or impossible to grasp in a concrete manner.

In practice this means that The Mystical Reason reject concrete understanding of anything else than to accept how it is and to obey. The desired effect is that the highest Authority, like for example a State, is godlike or some form of god.

The teachings of the Academic cult are therefore based on the ideals of Dictatorship that has resulted in, for example Nationalism, Communism, Fascism and Nazism. So, it is about time to cut off any relation between the national States of the Western world and the Academic tradition.

One of the main problems of today, or perhaps THE main problem, is that the massmedia is totally owned and made by promoters of the ideal to use hidden religious dogmas to fool the political élite as well as the people. I would be delighted if I am proved to be wrong."

Parents who have had their children forced to the mind corruption and indoctrination decreed by various Agencies for Education should be offered restitution making possible Unschooling, etc. There is much material on how to do this, e.g. (some of these links in Swedish), <http://www.denandraresan.com/search/label/Unschooling%20och%20hemskolning> , <http://www.denandraresan.com/p/vi-har-ett-foretag-i-storbritannien-dar.html> , <http://whyunschool.info/> , <https://www.amazon.com/Unschooling-Handbook-Whole-Childs-Classroom/dp/0761512764> , Examensarbetet Schleiermacher goes to Summerhill - Allmänpedagogiska lärdomar från demokratiska skolor, Sascha Bolotin, archive copy at http://freedom.lege.net/doc/Schleiermacher_goes_to_Summerhill_Allmanpedagogiska_lardomar_fr_an_demokratiska_skolor_Sascha_Bolotin_ARBETET090414.pdf , Tue, 12 May 2009 23:42:32 GMT.

National recovery concept for any Nation through indigenous rights

To stop the process of destruction of the nations, we are uniting the open minds and the warm hearts. This is a concept of universal rights of indigenous people that balances the resources of every nation to the well-being and independence.

Experts are uniting in all basic fields: economists, lawyers, ecologists, farmers, programmers, statisticians, physicists, mathematicians, officers and generals, managers, philosophers, psychologists and psychiatrists, doctors ... – But for the structuration of the System first those who think systemically and have capacity to see how to restructure the system itself.

Baltic Sun Model

Scientific model, by Ditta Rietuma, konna of Godland.

14 basic rays of the National Competence Solar Structure for national security.

Objective: To create a system design where each nation thrives.

Method: Start national institutions to protect nation through all of 14 functions.

Activisation in the natural Universal Solar System where the strongest heat and light source supports all life by the 14 rays of the BSM:

1st WORK Leaving behind the dominance of the pyramidal (slaves, slave drivers, slave owners) and becoming freeholders. Person/family/tribe/nation uses systems that lead to ecological welfare. Secret “societies and governments” liberate themselves from their dark duties and are rewarded with block out of the dooms day.

2nd LAWS National Constitution and its rules and laws rejustified to the rights of Indigenous Peoples– the Election Law, Agrarian Reform, Tax, Export Tariffs, land and property Nationalisation Law from foreigners if necessary. Disclosure of illusion of power of current political party system. Restoration of the constitutional state of the Nation including restored law systems of indigenous peoples. Nations Heart Tribunal and common law courts are re-established with all groups of the Nation represented where unconstitutional developments are exposed in a transparent information panel available to all in the Nation. The base of the currency is no gold or silver, but the fertile seeds of all living, as well as people. Bretton Woods like international agreement to free global bank cartel and let it enjoy vacation. Several security levels, as – if national currency system fails local communities are to create regional money and indigenous money. Here are the instruments to support nations exchange of goods and services to the level of abundance and welfare. Indigenous money of traditional kind as security base.

5th ARMS Environmental and military protection of the nation. Realisation of the existential threats in the environment of the Nation. Indigenous peoples negotiations and contracts with the military and global power structures. Systems that protect all in the structure of 14 rays and the system itself.

6th BALANCE Peace, harmony, balance. Balance between the internal and external. Harmony is in peace within ourselves and with the others, in self-sufficiency and unity, as well as in the understanding and acceptance, where fear, manipulation and lies are left within the filter. Balances all 14 rays.

7th FERTILITY National health and existence. National programs for return to the lands of predecessors and rehabilitation of ancient and modern peoples of the Nation. National population recovery and growth. Fertility is cherished and families thrive.

Fills the 14 rays with wisdom of the Nation. The wise elders of Indigenous people of each Nation are an Independent council that manages and directs the structures. This is the basic instrument through which the representatives of the Nation control the state. Everybody in the Nation gets certain quota of communication supply free.

13th CONTROLE National control of the state apparatus by Indigenous Council and citizen unions. Systematised structure that preserves National interests, principles, objectives, examines the mass media, controls government and parliamentary work, effectively providing for the national sovereign power to belong to the people of the Nation".

14th LOVE Love – of the country and the people. I love myself /you / the world as the grass grows and your / the world's love is filling me. Only all peoples of the the Nation loving, competent and loyal people have access to decision levels in the territory of the Nation. Indigenous spirituality life styles are supported by tax. All people in the territory of the Nation are loved. Death cult and occult rituals with blood, flesh and sacrifice of living creatures are forbidden.
